ABOUT ME

My experience in aviation has been a significant part of my personal and professional growth for 5 years. In this new stage in programming, I am excited to apply the skills I acquired through an intensive JavaScript Bootcamp. My challenge is to provide valuable contributions to any project I am involved in and meet the needs of the company.
I aim to transition my career and aspirations into the technology sector, combining my programming knowledge with my passion for delivering an excellent customer service.

PROJECTS

FullStack Developer - Comunidad Perros&Gatos APP   09/2024 – 11/2024
- Developed an application allowing users to register and apply for pet adoptions, with a focus on connecting potential adopters to pets in shelters.
- International Collaborative Project in No Country Organization: 5 weeks of development.
- Agile Methodologies Applied: Scrum, Trello, Daily Stand-up Meetings: Regular briefings to discuss progress, challenges and plan the day's work.
